Dear Mrs Scarborough,

My wife and I would like to thank you for your very kind invitation to the 25th anniversary celebration and the great pleasure we had being with you. It was most enjoyable seeing the school and the familiar faces - despite the appearance of white heads! The function itself was a great credit to yourself and helpers but what impressed us most of all were the similar happy faces we remembered from twenty-five years ago.

Yours sincerely,

Bruce H. Duncan.
